PROFESSIONAL SUMMARY

Solutions-driven Enterprise Applications Consultant with 4+ years of experience in Oracle APEX development, HRIS configuration, and workforce management systems. Currently engaged at Inetum configuring Chronotime in an offshore context. Proven track record delivering high-compliance projects for institutions including Bank Al-Maghrib. Combines technical expertise in Oracle ecosystems (APEX, PL/SQL, EBS) with functional awareness and structured project coordination to deliver reliable outcomes aligned with organizational goals.

PROFESSIONAL EXPERIENCE

HRIS / WFM Consultant — Chronotime Jun 2025 — Present

Inetum — Offshore — Morocco

Configuration and setup of Chronotime in an offshore HRIS environment. Working on calculation rules, scheduling models, process alignment, and coordination with functional teams.

Chronotime | WFM | HRIS | Configuration | Offshore
